Seeking an entry-level part-time, full-time, temporary, or internship, position as a...

COMPUTER PROGRAMMER

Recent graduate of Gwinnett Technical College (May, 2016) with excellent mathematical and problem solving skills, and ability to work under pressure. Competent at translating logical sequences and workflow into source code and following that with rapid iterative testing and development cycles. Well acquainted with the latest development tools and technologies. Self-learner which continuously advances programming knowledge by creating test projects and reading professional publications.

EDUCATION

Gwinnett Technical College

Associate Degree in Computer Programming, 05/16

Java Programming Certificate, 05/16

Course Highlights:

- C++ (Console programs)
- Java (Console programs utilizing GUI)
- .NET development in C#
- IT Project Management
- Relational databases and SQL
- Web Design

PROJECTS

GitHub: <https://github.com/ybachman>

Website: www.yuliabachman.info

GigALoan (Available on GitHub):

- Class project which simulated the development of Android and iOS apps with three teams: Database, Middle Tier/Programming, and UI.
- Application utilized: .Net programming and C# to access the database (created in SSMS) and retrieve data with web services.

Simple console programs for both Java and C++ (Available on GitHub). Looking to gain experience in software development on a more complex level.

PROGRAMMER SKILLS

Analyzing Information, Problem Solving, Persistence, Software Performance Tuning, Attention to Detail, Software Development Fundamentals, Software Documentation, Technical Zeal, Independence, Thoroughness

Programming/Languages: Java (JDK, JDBC, Applets, Servlets, JavaBeans, EJB, J2EE, JSF); C++; .Net and C#, SQL, HTML/CSS

Version Control: GitHub

Databases: SQL Server 2014 Management Studio, and Microsoft Access

Design and IDE tools: Visual Studio 2012 and 2013/Community 2015, NetBeans, Photoshop, and Notepad++

Office Tools: Microsoft Word, Excel, Access, and PowerPoint

Operating System: Windows
